

Global Petro Tools Co

LEADER
IN OIL & GAS
EQUIPMENT
2023

Company Profile

About Us:

Our focus is to supply full range of equipment and solutions that make Oil & Gas operations safer and easier to perform and increase efficiency with minimum waste time. The management and engineering team has more than 30 years experience in various Oil and Gas fields (Upstream & Downstream) in the UK and Middle East.

Our Mission:

■ Oil & Gas Marketing

We monitor UK & Middle East countries, providing forward looking analysis and insight on key developments and trends in upstream fields including drilling, drilling services, field development plan and exploration programs.

■ Oil & Gas Tools

We supply various range of Oil & Gas tools (Upstream & Downstream). All orders shall be available at your preferred location / port with high quality on time.

■ Engineering Consultancy

GPTC as multi-discipline engineering consultancy enterprise provides consultancy services in engineering, project management, specialized engineering studies & analysis as well as full range of technical solution and project feasibility study.

Different Services Are Measurable...

BOP & Well-Head

GPTC offers a wide range of BOP and WH equipment include drilling spool, spacer spool, Flange, cross-over spool, ring gasket (full range), hub with side out lets, spacing chock, chock manifold, chock valves, pressure gauge, API valve (Full range), plug valve kit, pressure relive valve, DSA, nut and bolt (all sizes), full range well-Head ACC (2000- 15000 PSI) and services, X-mass tree (Split , Integral, submersible, Double Pipe), TBG Head Adaptor, TBG hanger, Blind Flange and more.

Down-Hole Drilling Tools

GPTC offers a wide range of down-hole drilling tools for your drilling operations. Whether you're after down-hole drilling tools or general running tools, we offer all the equipment / services you may require for your operation. GPTC down-hole drilling tools offers include drilling equipment, BHA, All IADC Type of Bit (Mill tooth, Rock Bit, TCI, PDC) H.opener, Reamer, PDM, STB, Drilling Jar (Hydraulic and Mechanical), CMT Retainer, bridge plug and more. Also we offers Fishing tools include casing scrapers, junk baskets, over-shots, fishing spears, fishing jars, mills (Eco Mill, C.B.Mill, Pilot Mill,F.Mill and Pilot Mill), fishing magnets, special wash pipe, fishing magnets and more.

Tubular

GPTC offers a wide range of tubular equipments and ACC including full range API & non-API casing and tubing, shoe (Diff and Floated), F. Collar, LDC, LNR Hanger + Assy, casing slips (auto and non-auto), full range DP & HWDP, DC, Pony DC, shock tool and more.

Upstream and Downstream

GPTC offers a wide range of electrical and mechanical units and equipment which used in both upstream and downstream industry. These offers include all necessary electrical and mechanical units and equipment which are used in Drilling Rigs (Land and Jack-up), Production platforms, refinery and so forth.

Oil & Gas Engineering and Training Services

GPTC as a multi-discipline engineering consultancy enterprise provides consultancy services in engineering, project management, specialized engineering studies and analysis as well as full range of technical solution for Oil and Gas Projects. GPTC offers full range of training courses for Oil & Gas industry through its Partners as per below:

Refining

- Operation
- Refining - Petrochemical (Technical Information)
- Applied Chemical Engineering - Multidisciplinary Courses
- Refining Processes
- Petroleum Products - Analysis
- Equipment - Inspection - Corrosion
- Energy - Thermal Equipment
- Rotating Equipment
- Process Control
- Safety - Environment
- Maintenance Management - Turnaround
- Management
- Project Management

Exploration and Production

- Technical Information
- Geo-sciences
- Reservoir Engineering
- Geo-sciences Field Trip
- Drilling & Completion
- Field Operations & HSE
- Projects & Logistics
- Blended Learning
- Well Control
- Tools inspection
- BOSIET

Quality

GPTC is committed to develop and maintain a quality product and services for all its stakeholders employees, contractors, partners and clients. We will continue to provide the highest quality in the provision of equipment and services, in accordance with applicable standards, industry practices and the requirement and expectation of our stakeholders.

We offer total satisfaction to the customers by providing solutions from concept to completion meeting or exceeding international standards, with cost efficiency and flexibility.

We strive to achieve quality, integrity, innovation and excellence in all parts of our business and are committed to continual improvement in all our activities by enhancing the skills of our staff through training and motivation.

We expect all our employees to achieve high sustainable Integrated Management System standard and strive for continual improvement in our QMS performance by influencing the attitude of all level of the workforce.

Our services quality policy is aimed at achieving excellence in rendering our services by emphasizing:

- . Quality of products, services and equipment.
- . Ongoing training for personnel at all levels.
- . Updating of equipment and operating techniques.
- . Cost efficiency
- . Minimize the risks.
- . Client and Customer satisfaction.

HSE

At GPTC, nothing is as important as safety of our staff and customers. We are committed to minimizing risks in order to protect the health and safety of all who are associated with us.

All employees have a responsibility to eliminate at-risk behavior in themselves and others. This includes the obligation to call "Time-Out" during any perceived unsafe operation. Anyone, in good faith and acting reasonably, who believe that a task being performed or carried out not in a safe manner, shall STOP THE WORK immediately. A report shall be made to the supervisor or the most senior officer at the site, who shall re-evaluate the risk involved.

GPTC is committed to the protection of people, asset and the environment. GPTC shall adopt the globally acceptable standard practice and shall continually improve its Health, Safety and Environmental (HSE) performances and shall take reasonable and practicable steps to eliminate or prevent the risk of fatality, injuries, property damage, occupational illness and negative environmental impact. GPTC HSE Division shall therefore:

- Comply with HSE legal requirement, guidelines, and adopt industry best practices;
 - Build and implement an effective and resilient HSE Management System;
 - Implement effective risk control measures;
 - Provide competence workforce and ensure adequate resources towards all HSE aspects in our daily operations;
 - Minimize negative impact to the environment related to air, water, land and ecosystem;
 - Review and continuously monitor the HSE performance to ensure continual improvement in all aspect;
 - Promote high level of HSE visibility and leadership and ensure engagement at all levels;
 - Establish effective crisis management and plan for, respond to and recover from any emergency, crisis and business disruption in a timely manner;
- GPTC HSE policy shall apply throughout its global operations and requires all of its employees, contractors, self-employed persons or visiting customers to strictly adhere to this policy at all times to protect the health and safety of everybody, reduce the risk of damage or losses to the asset and ensure the protection of our environment.

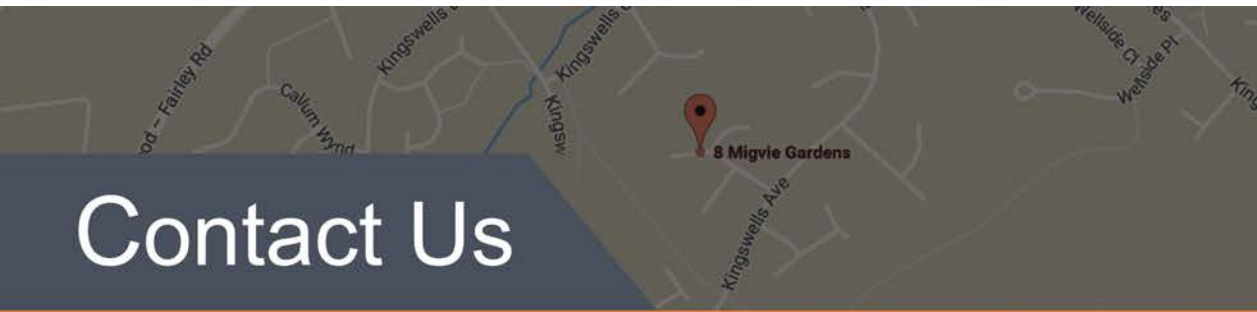

At GPTC, Challenges Await You ...

Careers

Our staffs are our main asset. Without their work and professional dedication, GPTC would not have achieved what we have achieved in terms of rapid growth, development and expansion. We believe that receiving fair compensation is a key component in anyone's overall satisfaction with their employment. We therefore make sure that our compensation packages are competitive within the industry whilst being affordable to the company.

GPTC values its employees and believes in conducting business ensuring fair, equitable and non-discriminatory employment and operational practices. It is our aim to provide a workplace, which maximizes the talent, potential and contribution of all employees and ensures equal opportunity for all.

Contact Us

We at GPTC welcome your questions and enquires and try our best to respond immediately.

You can contact us about our services using the provided emails or submit your questions.
